Graphic designer with experience across beauty, cosmetics, fragrance, real estate, and publishing.
Currently creating campaign and product-focused work for Flormar Iraq while supporting Baghe Khatina. Combines brand design, product imagery, motion, 3D, and practical automation to deliver polished work across digital, print, and event formats.

PROFESSIONAL EXPERIENCE

Graphic Designer2026

Flormar · Iraq · Beauty & Cosmetics

- Create campaign visuals, product-focused content, event invitations, promotional materials, and social assets for Flormar Iraq.
- Turn campaign direction into clear, production-ready visual systems that stay consistent across posts, stories, carousels, print, and event formats.
- Produce product compositions and beauty-focused key visuals, combining photography, retouching, layout, and AI-assisted image production where useful.
- Create short-form motion and video assets for launches, events, and promotional communication, with final refinement in After Effects and Photoshop.
- Support Baghe Khatina as an additional brand responsibility, including seasonal hair-care campaigns, product education, carousel content, and promotional visuals.

Graphic Designer & Project Office Coordinator2023

Hassarost General Contracting LLC · Emerald City Project · Kirkuk

- Managed the Kirkuk project office for Emerald City while handling the project's day-to-day graphic design, client communication, and operational follow-up.
- Produced real-estate campaign visuals, sales materials, videos, and digital content used across official platforms and client-facing communication.
- Maintained expense tracking, documentation, reporting, and organized records for management and project operations.
- Worked across both creative and administrative responsibilities, coordinating priorities and keeping office information and deliverables organized.

Graphic Designer & Creative Automation2025 - 2026

Royal Smells Perfumes · Remote · Part-time

- Designed fragrance product visuals, carousel posts, catalogue and B2B graphics, and Arabic/English marketing assets.
- Built small Python, Flask, and browser-based tools for Arabic text overlays, batch image processing, catalogue preparation, and repetitive production tasks.

SELECTED PROJECT WORK

3D Artist & Motion Designer2025

Baghe Khatina Cosmetics · Project-based

- Created 3D cosmetic product visuals and motion videos for campaign and promotional use.
- Modeled, textured, lit, and animated product scenes in Blender for polished product presentations.
- Co-produced two anamorphic videos for Nogat Baghdad in collaboration with UAE-based artist Hadeel Al Azzawi.
- Produced a standalone Ramadan anamorphic video commissioned directly by Nogat Baghdad and approved by the company's management.

Featured on Nogat Baghdad - large-format anamorphic display work

Graphic Designer & Educational Design Collaborator2023

Diyako Hashemi · Kurdish educational & publishing collaboration

- Designed Kurdish-language educational visuals, social media materials, and language-focused content.
- Created graphic design and layout work for Kurdish linguistic, educational, and publishing projects.
- Contributed design work to a Kurdish dictionary endorsed by the Kurdish Language Academy in Erbil.
- The publication sold 400 copies on release day and received public recognition from the Kurdish Language Academy.
